A beautiful and comfortable chair was the starting point. Comfortable enough to be used as both a conference chair as well as an office chair. A lot of prototypes have been tested and adjusted until the chair was comfortable and beautiful enough.

Glove is available in two designs, high and medium. There's also a variety of different staves who makes the chair perfect in any situation.

The chair resembles a chair made for racing, elegant, minimalistic and extremely practical. A beautiful seam together with a good relation with suppliers give us a chair of high quality, combined with a competitive price.

A chair which goes perfect with our premium furnitre, something we're extremely proud of.

Fully draped conference chair in high or medium design. Inside made out of molded cold foam with a metal base. Stative in powder coating or chromed design.

Stative in white, black, chrome, oak or ash.

Prices for different fabric se Price classes fabric at www.horreds.com, in the product sheet menu.
