Henry is a simple, smart and flexible system made out of few but well thought through parts.

The desk screen is acoustically dampening, made out of molded felt with white metal details. Two sizes: 1720x580 mm or 1520x580 mm.

There is also a desk shelf available, made out of white plate with rubber mats. Electric supply can be added. Colour on rubber mats: white, gray, yellow or red.

Height of table: 62-82 cm or 63-128 cm.

Fri desk is available in many sizes, all between 1200x2400 mm. See measurement for precise measurement.

Material tabletops: birch, beech, oak, ash, white pigmented oak, white pigmented ash, laminate and desktop.

Henry desk shelf in white plate with rubber mats and the option of electrical supply.

Colour on rubber mats: white, gray, yellow or red.

DESK

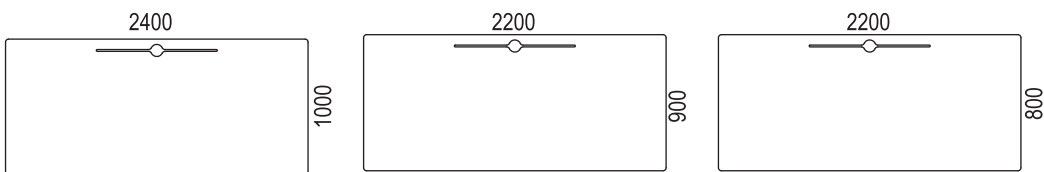

HENRY

Design Thomas Sandell
