Tin is a modern conference table characterized by simplicity and clarity with thoughtful and innovative details.

The table is a round table top resting on a base perforated, rolled sheet metal in the form of a cone. The perforated cone gives the table top an almost floating feeling. Tin is also available as rectangular conference table.

Available in white laminate, optional laminate, desktop or veneer(oak, ash, ebonized oak, ebonized, ash, white pigmented oak, white pigmented ash) with a white or black undercarriage. For other colours and material contact Horreds.

Measurement: Diameter round table: 1100/1200/1400 mm. Rectangular tables: 2400x1400 mm / 2400x1200 / 4800x1400 / 4800x1200 mm. H. 720 mm.
