VX desk is made out of 19 mm MDF with a matching plastic list.

VX7 is the undercarriage which is supposed to be used with the VX tabletops but is also suitable for rectangular and corner desks from our other series. You can't use a milled height control.

VX7 is available in white, black, silver or chrome.

Height of desk 63-128 cm or 62-82 cm.

VX desktops are available in a variety of sizes, all within the span of 1200 x 2400 mm.

Material: Laminate, desktop, ash, birch, beech, oak, ebonized oak, ebonized ash, white pigmented oak and white pigmented ash.

DESK > VX/VX7

VX desk screen is upholstered with fabric and sound absorbing. It's available in a variety of fabrics and colours. There is an add-on list available.

Sizes: Height: 600 mm, Width: 1400/1600/1800 mm. Depth: 35 mm. Side screen: Width 800 mm.

There is also a free standing sound absorbing side screen, 4800x365,35 mm. Including a foot in powder coated steel, black or white.
