

STOOL

VX STOOL

Design Horreds

VX Stool is the latest addition to the VX-family, a stool which can be used as a bar stool at home in the kitchen as at the project table or coffee tables at work.

Stools with wooden legs and seats in fabric. Available in three heights, 480, 650 or 810 mm. Seating diameter 350 mm.

Footrest in chrome available as supplement

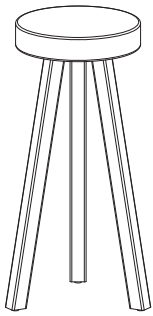

Legs in solid wood: oak or ash. Measurements are approximate, can vary slightly depending on the thickness of the fabric. The stool is delivered unassembled.

Price fabric see Price classes fabrics at www.horreds.com.
