Siglo is a work place with lots of attitude but in a sober manner where the details highlight the profile you want for the moment. Siglo is very flexible in its design and dimensions to be able to be used as needed.

The storage Siglo I is with inset sliding doors and a 100 mm base. Siglo II has sliding doors in front of the storages sides with a thicker top and a bottom with adjustable feet, a base is not needed.

Material base unit: Birch, oak, ash, ebonized oak, ebonized ash, white pigmented oak, white pigmented ash or white direct laminate.  
Material doors: Birch, oak, ash, ebonized oak, ebonized ash, white pigmented oak, white pigmented ash, white lacquere or optional NCS.

Handles: Brass, stainless or plastic in black, white, yellow, orange, red, blue, green and graphite gray.

Measurement Siglo I: W. 800/1200/1600 mm H. 420/610/821/1100 mm. Base: H. 100 mm or base plate: H. 35 mm.

Measurement Siglo II: W. 1200/1600 mm H. 841/1120 mm including adjustable feet.

## STORAGE > SIGLO

Siglo side storage is available in birch, oak, ash, ebonized ash, ebonized oak, white pigmented ash, white pigmented oak or white light-pressure laminated chipboard. Shelves and bottom in blockboard. The front is available in black and optional NCS.

Measurement: D. 800/900 mm W. 380 mm H. 1200 mm. 25 mm adjustability

Siglo side storage is lockable and is available in right and left design.
